

### **Attention college teachers: Rules for enrolling PhD students**

All college teachers teaching in colleges under the University of Calcutta who wish to take PhD students should inform the Head, Physics department, Calcutta University. These positions may then be advertised along others and the teachers concerned are required to be present during the viva-voce examination of the candidates sitting for the Research Entrance Test (RET) held once every year. It may kindly be noted that according to the UGC rules, the number of positions is to be mentioned in the advertisement for recruitment of PhD students, so no request for enrolment of PhD students can be met *after* the advertisement has been published. The PhD entrance test will be normally held during May-June of every year.

Reservations will be as per the Government rules.
